Dear [Redacted]

It was ~~good~~ to have the opportunity to meet with you and members of your staff last Monday. I always enjoy the opportunity to meet with our counterparts in the Government to review areas of mutual concern. DIS and CIA have had a long history of cooperation and I am confident that we can continue to aid each other in the years to come.

- I'd like to emphasize that we stand ready to assist the CIA in any way possible. I mentioned to you that Mr. John Edwards, Assistant Deputy Director (Investigations), is an excellent point of contact for you on personnel security investigation matters. He can be reached at 475-1592. Mr. Bill Leonard, Chief of our Programs Management Division, who you met on Monday, is a good point of contact on industrial security matters. He can be reached at 475-0902. Finally, as we further discussed, we are vitally interested in any significant information which you may develop which reflects upon the reliability of cleared DoD contractor personnel. Usually, to take away access from such an individual does not address all of the national security concerns. Many times, that individual possesses a collateral clearance. Confirmation of a DoD collateral clearance, regardless of the DoD program or agency involved, can be obtained simply by contacting the Defense Industrial Security Clearance Office in Columbus, Ohio. An excellent point of contact is Mr. Tom Liskay who can be reached at (614) 238-1078.

Again, I enjoyed our meeting and look forward to similar ones in the future.

Sincerely,

THOMAS J. O'BRIEN
Director
